
A long list for different providers

Posted by admin - 2008/05/22 14:02

Email Whitelist Instructions

Since your ISP probably uses some type of spam filter we ask that you add us to your trusted list of senders, contacts or address book. All also known as whitelisting.

If you do not see an email from admin@onlinelinkup.com in your inbox, due to the overzealous filtering by ISPs my email our have mistakenly been sent to your spam folder. Please look for it there, open it and mark it as "not spam"....

Click the link to your ISP or email client to Whitelist LinkUp community, from: admin@onlinelinkup.com.

ISPs AOL, AOL Web Mail, Yahoo, Hotmail Live, Windows Live and MSN, Gmail, Earthlink, AT&T, Comcast

Email Clients: Outlook 2003 (or higher), Mozilla Thunderbird, Blackberrys,

Spam Filters: Norton AntiSpam, McAfee Spamkiller, Cloudmark SpamNet, Mailblocks, MailShield, MailWasher, Oddpost, SpamAssassin, SpamButcher, Spameater Pro Spam Inspector, Spam Interceptor, SpamPal, Spam Sleuth, Other providers:

To make sure email gets delivered to your AOL inbox, you must add the email address or corporate domain of the sender to your Address Book or Custom Sender List.

1. Click the "Spam Controls" link on the lower right side of your inbox screen.
2. When the "Mail & Spam Controls" box appears, click the "Custom sender list" link.
3. Choose the "allow email from admin@onlinelinkup.com" option.
4. Add the domain or email address you would like to receive mail from, then click "Add"
5. Click "Save"

AOL Web Mail

If using AOL web mail replying to an email from LinkUp community will also work.

Email from that domain will now be delivered straight to your Inbox.

Yahoo! Mail back to top

If you're not receiving email at you are expecting, there are two things you can do:

1. Use the "Not Spam" button in your Bulk folder.
2. Create a filter to automatically send email from certain domains to your Inbox. This is the only way to really ensure delivery.

Report as "Not Spam"

1. - Check your Yahoo! Bulk folder
2. - If you see the LinkUp community, highlight it and click "Not Spam"
3. - This does not guarantee that your mail will be delivered in the future, but it does help.

Create a Filter

1. Click "Options" in the top right navigation bar
2. Select "Mail Options" from the list that drops down
3. Choose "Filters" located on the left side of the page
4. Click the "Add" button on the Filters page
5. Choose the field you want to match in the incoming message. For example, "header" or "to".
6. Choose the criterion by which you want a match to be made, such as "contains"
7. Enter the text string to compare. For example: admin@onlinelinkup.com
8. Choose the destination folder to which you would like the message delivered. For example: Inbox

Hotmail Live, Windows Live and MSN back to top

In the new Hotmail you must "Mark sender as safe" to enable hyperlinks even in text emails and images in HTML emails.

Entering the email contact in the address book or contacts no longer whitelists the sender

To ensure messages from specific email addresses are not sent to your Junk Email folder, you can do one of two things:

1. Check the "Junk" folder if you do not see the LinkUp community in your inbox
2. Click the "Mark as safe" link
3. Add admin@onlinelinkup.com to your Safe List

Mark Sender as Safe

Attachments, pictures, and links in this message have been blocked for your safety. Show content
admin@onlinelinkup.com - LinkUp community

From: admin@onlinelinkup.com You may not know this sender. Mark as safe | Mark as unsafe

Sent: Thu 6/14/07 12:00 AM

Reply-to: admin@onlinelinkup.com

1. Click "Show content" to view the body of the email if it contains images and HTML
2. Click "Mark as safe"
3. LinkUp community will now be added to your list of "Safe senders"

Manually Add to Safe List

1. Click "Options" in the upper right corner of your Hotmail screen
2. In the Body of the page under "Junk e-mail" click the link "Safe and blocked senders"
3. Click the link "Safe senders"
4. Enter the email address "admin@onlinelinkup.com"
5. Click "Add to list"

Gmail

To make sure email gets delivered to your inbox, you must add the email address admin@onlinelinkup.com to your contacts list.

1. Click the drop down arrow next to "Reply" in the upper right side of your inbox screen.
2. Click the "Add your@email.com to Contacts List" from the list that appears.
3. You will now see your@email.com appear under the "Quick Contacts" list on the left side of the page.

Outlook 2003 (or higher)

Because of the various email platforms that can work with Outlook, it is tricky to tell you how to receive all email to your Outlook inbox. We can tell you, however, how to make sure you can see all the emails you receive as they were intended to be seen - with images. If a company is not in your address book or "Safe Sender" list, your HTML images will not display.

To have HTML display correctly, users can:

1. Change their automatic download settings
2. Add sender to your address book
3. Add your email or domain to their approved sender list

To change settings:

1. Right click on a non-displaying image in an HTML email
2. Choose "Change automatic download settings" option
3. When the popup comes up, uncheck the first box in the list that says "don't download pictures or other HTML content automatically"

content automatically

4. Click "OK"

To add sender to address book:

1. Open the email
2. Right click on the from address
3. Choose "Add to contacts" option

To add domain to safe sender list:

1. Right click on a non-displaying image in an HTML email
2. Choose "Add the domain to the safe sender list" option

Earthlink

If you are not receiving email at Earthlink, there are two actions you can take.

1. Check "Suspect Email" folder
2. Add to your address book

With Earthlink, if you have SpamBlocker turned on, suspect messages are automatically send to your Suspect Email folder if the domain is not in your address book.

Suspect Email Folder

1. While in the "Suspect Email" folder, if you see admin@onlinelinkup.com...
2. Select the "Move to Inbox and Add Contact" option from the pull down menu.
3. This will add to your Address Book for future email delivery assurance.

Address Book Inclusion

1. Open the email.
2. Click "Add to Address Book" in the email header.
3. Use the "Address Book Editor" to verify the sender's contact details and click "save."
4. Fill in admin@onlinelinkup.com as the email address of the sender.
5. Any mail sent with the same domain (right of the @ sign) will now be delivered to your Inbox.

AT&T

1. Open the email message from the sender you want to add to your address book.
2. Click on the "Save Address" link (below) next to the "From Address."
3. Check the "Add to Contacts" box (below) and click "Save."

Comcast

1. Click on the link at the top of this message (it's next to From Address).
2. For the field titled First Name, please enter your@email.com
3. Then click Save Entry and you're all done.

BlackBerrys

1. Scroll up to the message header
2. Get to the field where their name is listed, click the Berry button and then click Show Address
3. Select and copy that admin@onlinelinkup.com to the clipboard
4. Go into Address Book and find the user
5. Select Save
6. Click to edit it, and then click the Berry button to add another email address
7. Paste it in and click Save

Other Spam Filters Not List Above.... back to top

If LinkUp community is being filtered, try adding admin@onlinelinkup.com to your Address Book or Contact list.

If messages continue to be sent to your junk folder contact your ISP or spam filter application support and ask how to whitelist admin@onlinelinkup.com.
